Dear Harold,

Well as you can see from the enclosed they are at it again. When Beverly Oliver didn't work, the went to Nicoletti. That didn't pass muster so up pops Roscoe White. That didn't move anyone so now we have ASK! A couple of things to note. I am sure you know Arts and Entertainment Network will show the expanded version of "The Men Who Killed Kennedy" in five parts starting September 27th. ASK is showing the old version at the "seminar." Of course Central has sent letters to Larry Howard et al telling them to stop showing the thing--but that hasn't helped.

The fine print says all speakers subject to change. Elmer Gantry would be proud. And there is a special mystery guest. One Chauncy Holt who is claimed to be the Hunt tramp!!! Have you ever heard of this guy? In the name of Roscoe White why do they keep this stuff up.

Keep in touch,

Dave
